

Daisy broadband

from ONLY £14.99*

Daisy broadband offers high speed internet access with low contention ratios (the number of people you share bandwidth with) – equivalent to as low as 7:1 on daisy broadband Velocity packages and 14:1 on Daisy broadband Sprint options. Daisy broadband offers outstanding quality of service and all at competitively low prices.

Our broadband packages all offer speeds of up to 8Mb downloads and start from only **£14.99*** per month. Whether you're a single business user or a multi-user organisation, daisy has a broadband solution to meet your requirements.

Terms and Conditions

Minimum contract term applies. Additional usage when cap is reached is charged at £1.50 per Gigabyte. Package includes one free Static IP address. Additional Static IP addresses are available in blocks of 4 or 8 and are charged at £1.50 each. The actual download speed achievable depends on a number of factors including line quality, length and distance from the exchange. daisy will attempt to offer the best speed possible. One port router supplied is the ZyXel Prestige 660RC 1-port router + 2 filters. daisy reserves the right to migrate services to an LLU based service in the future. Offer applies to new connections only.
